Professional Liability Insurance (PLI) protects optometrists if they are being sued for injury or damages that have resulted from a **negligent act, error, or omission** that has arisen out of their professional services.

PLI provides coverage for your **legal defence costs and settlement costs** you may be required to pay as a result of an injury to a patient.

WHY YOU NEED IT

The CAO PLI also responds if a complaint is made to your provincial regulatory College, ensuring your legal defence is coordinated and paid for by the insurance company.
